

Indoor Absorbent

231 PRELUDE™ 148 INTERMISSION™ 141 OVATION™

Category Information

A colour coordinated matting system consisting of 3 individual carpet mats each with distinct characteristics and function:

Prelude™ a coarse heavy duty surface that aggressively scrapes debris off shoe soles.

Intermission™ combines scraping and drying in a stripes pattern that follows the flow of traffic.

Ovation™ completes the drying process.

Low profile allows foot and wheel traffic to traverse easily.

Vinyl backing and borders are colour coordinated to match the carpet top.

Recommended use:

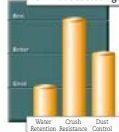

- Suitable for medium to heavy traffic conditions.
- For placement inside entrances in offices, hotels, banks, professional buildings, restaurants, department stores.
- Prelude is suitable for outdoor use.

Specifications:

- Tufted loop pile combinations of high grade non-absorbent scraping polypropylene grass yarns and soft moisture absorbing becalon® yarns.
- 800 grams of dual yarns per m².
- Backing: vinyl (DOP free).
- Overall thickness: 7 mm.
- Weight: 4 kg per m².
- Fire retardancy: ASTM D2859 passes DOC FF 1-70.
